About This Game

Asteroid Wars is a strategy game at its core. No intro, no story, minimal settings and just pure gameplay.

You have your carrier, a bunch of fighters and a whole asteroid field to conquer. But you are not alone. There is always someone who has better carrier, more fighters and needs to be kicked in the ...

Game levels are fast and challenging. You will find no hour-long battles here. Each skirmish rarely lasts more than a few minutes, although there are few exceptions.

100 levels will keep you going for hours and when you are done, you can test your designer skills and build your own levels in included level editor and let your friends to have a go. The best user levels will be featured in regular free updates.
